Welcome to THE CAMPUS STARS FIGURE SKATING CLUB

2026 – 2027 U.S. Figure Skating Season

Our goal is to create a positive, organized, and development-focused experience for every family. Whether your skater is taking their first steps on the ice or pursuing advanced competitive opportunities, The Campus Stars FSC offers programs designed to support growth, confidence, and success both on and off the ice.

This guide provides an overview of our club, membership information, skating pathways, and more for the 2026 – 2027 Campus Stars FSC season.

Families who officially join The Campus Stars FSC will receive a comprehensive Parent Handbook and Membership Guide with detailed policies, procedures, and season information.

About U.S. FIGURE SKATING & CLUB MEMBERSHIP

ABOUT USFS

U.S. Figure Skating (USFS) is the national governing body for the sport of figure skating in the United States.

To participate in U.S. Figure Skating sanctioned programs and events, skaters must maintain an active membership through a U.S. Figure Skating member club, such as The Campus Stars FSC.

The official U.S. Figure Skating season runs annually from July 1 through June 30.

WHO MAKES UP CAMPUS STARS FSC?

Members of Campus Constellations Synchro Teams

Non-synchro individual skating club members

U.S. Figure Skating Coaches

Involved Parents & Families

CLUB MEMBERSHIP INCLUDES ACCESS TO:

- Campus Stars On Ice & Off Ice Programs
- Campus Stars FSC Family & Skater Events & Activities
- Campus Stars FSC ice shows & exhibitions
- Competitions & qualifying events sanctioned by U.S. Figure Skating
- Access to U.S. Figure Skating Test Sessions
- A supportive community that encourages growth on and off the ice!

Club membership is an annual fee paid in July of each year, or when your skater joins, through EntryEeze, the club membership management site.

MEMBERSHIP RENEWAL & Joining our Club!

Families will receive renewal instructions, registration links, and the Parent Handbook and Membership Guide from Director Freya Lamb in June. Families can also access renewal information directly from the Campus Stars FSC website.

New skaters may join at any point during the U.S. Figure Skating season. Families who join mid-season will receive the Parent Handbook and Membership Guide after joining.

All membership registration & renewal is completed through EntryEze, the membership management site used by Campus Stars FSC.

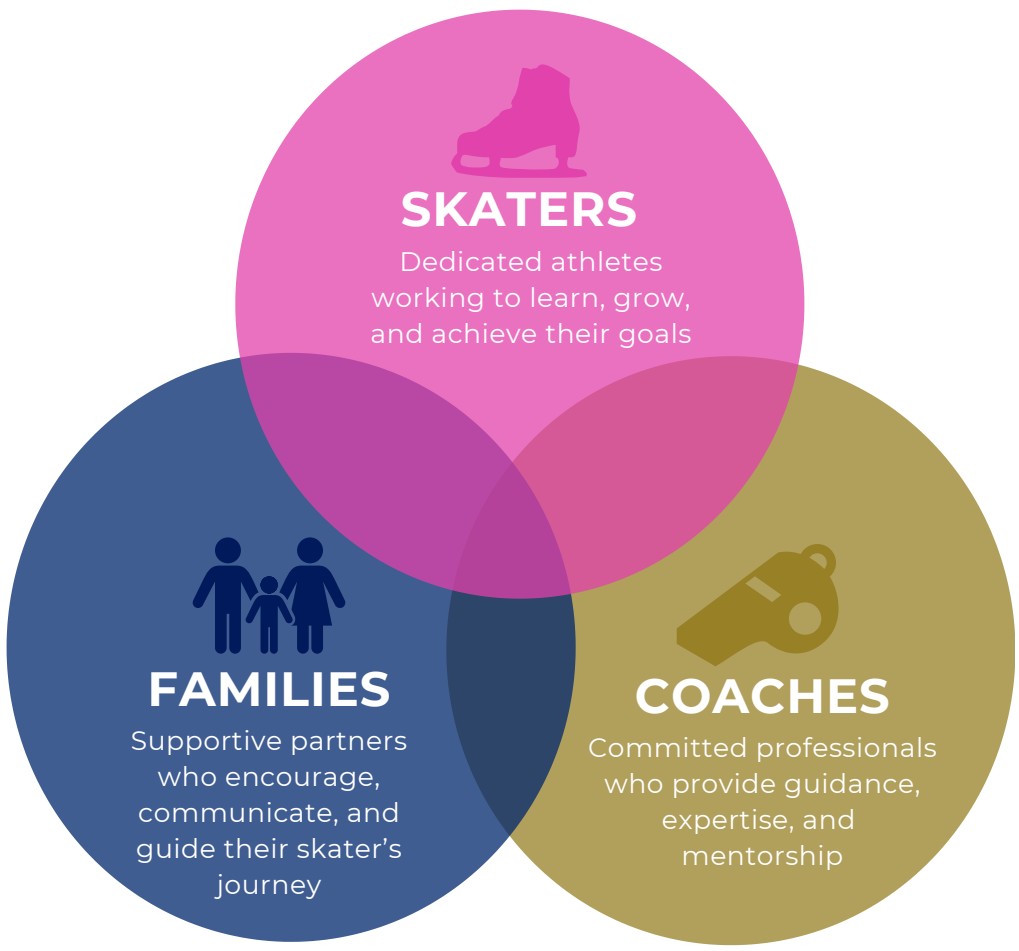
CAMPUS STARS PHILOSOPHY

Family Partnership



One of the greatest parts of Campus Stars FSC is our family-focused approach. We are more than a place to skate and take lessons — we are a community that works together to support the growth and development of each skater.

Our coaches invest time in getting to know skaters and families, understanding goals, and helping create a custom pathway that supports both athletic and personal growth.

Every skater is encouraged to pursue their goals with confidence, knowing that they have a dedicated team behind them. Whether it's perfecting a new skill on the ice or building resilience, our community is here to celebrate each milestone along the way.

WHEN SKATERS, FAMILIES, AND COACHES WORK TOGETHER, SKATERS THRIVE!

What Partnership Looks Like

At Campus Stars, we believe in a partnership between skaters, families, and coaches. We are committed to supporting families through communication, guidance, educational resources, and opportunities designed to help skaters succeed throughout their journey.

In return, families are expected to communicate, participate in the process, and support the development pathways created within our club. This shared commitment helps us create a consistent experience and allows our coaches to provide the strongest possible support for skaters and families.

Campus Stars
CLUB PATHWAYS

Whether your skater is brand new to the ice or already pursuing competitive goals, The Campus Stars FSC offers a pathway for every athlete.

New to Figure Skating?

Beginner skaters should start by enrolling in our Learn to Skate USA program. Learn to Skate provides the foundation for future skating opportunities and helps skaters develop confidence, basic skills, and a love for the sport.

Ready for Club Membership?

Choose the pathway that best fits your goals.

CAMPUS STARS SYNCHRONIZED SKATING TEAM PATHWAY

Campus Constellations provides skaters with the opportunity to grow as athletes, teammates, leaders, and performers. Synchronized skating combines strong individual skating skills with teamwork, precision, musicality, and performance.

- *Teamwork and leadership experience*
- *Stronger skating fundamentals*
- *Edge quality, timing, and power*
- *Confidence and performance skills*
- *Being part of something bigger than yourself*
- ***Unlimited freestyle ice included through the team package. All opportunities that make up the individual figure skating pathway are available to our Team Skaters as well!***

INDIVIDUAL FIGURE SKATING PATHWAY

Campus Stars FSC also offers the option of pursuing individual figure skating goals without participating in synchronized skating. Skaters may focus on recreation, testing, performances, or competitive single events in a supportive environment.

- *Private Lessons with coach of your choice*
- *USFS Testing Opportunities*
- *Performances & Exhibitions*
- *Solo Competition Opportunities*
- *Development at an individual pace*
- ***Freestyle registration required for non-synchro skaters***

MANY SKATERS CHOOSE TO DEVELOP SKATING SKILLS THROUGH SYNCHRONIZED SKATING WHILE ALSO PURSUING INDIVIDUAL SKATING GOALS

Join us on the ice!
ADDITIONAL PROGRAMS

WHAT IS FREESTYLE ICE?

Freestyle ice is designated private practice ice for Campus Stars FSC members to train and develop their skills. During freestyle sessions, skaters work independently or with coaches in private lessons.

Campus Constellations team members receive freestyle ice included in their team tuition for the U.S. Figure Skating season! Non-synchro skaters must register for one of the freestyle ice offerings for the 2026 – 2027 season.

Please take a moment to review the Freestyle Rules posted by the rink doors before your first freestyle session, and kindly follow them as you enjoy your time on the ice!

ADDITIONAL CLUB PROGRAMS

- ***Private Lessons***
- ***Learn to Skate USA & Aspire Program***
- ***Stars Workshop Program***
- ***Club Off Ice Training***
- ***Theater on Ice Shows***
- ***Summer Camps & Seasonal Clinics***

Refer to the Club Parent Guide & Handbook or visit the Campus Stars FSC website for full program descriptions. Registration for freestyle ice and additional club programs can be completed on the Campus Stars FSC website.

Come skate with us!

Whether your skater is brand new to the ice or already pursuing competitive goals, The Campus Stars FSC offers a pathway for every athlete.
